

Multiple Drawer Lock Bar Kit PN 60091
Single Drawer Lock Bar PN 60092

Product Specifications:

Multiple Drawer Lock Bar Kit PN 60091

- Attaches to the either the left or right side of any free Standing Enclosure or any Work Table to secure multiple drawers.
- The Lock bar features an integral hinge that allows it to swing out of the way when not in use so that it does not conflict with the operation of the drawers.
- Lock bars are made of heavy duty, 12 gauge galvanized steel to resist corrosion.
- The lock bar is secured with a galvanized, hardened steel pad eye that accepts any padlock either keyed or combination type (lock not included).

Single Drawer Lock Bar PN 60092

- Attaches between the left, right or center of the front, lower edge of a MOE enclosure, Work Table or
- Shelf and the top of one half or full sized single drawer frame.
- Lock bars are made of heavy duty, 12 gauge galvanized steel to resist corrosion.
- Accepts any padlock either keyed or combination type (not included).

Engineering Drawing Reference Notes

To view and manipulate 3D models of any assembly; visit www.edrawingsviewer.com and download the free eDrawings viewer software, then open the eDrawing format files (.EASM) found in our Engineering Drawings folders.

For more product dimensional specifications; download the Engineering Drawings folder for files in DWG, PDF and EASM formats on our website from the tool bar on the individual product pages or from our Product Resources page.

User Manual Reference

Refer to manual 10010701-UM for assembly and installation instructions

User manuals are available for download in PDF format on our website from the tool bar on the individual product pages or from our Product Resources page.
