Additional Upper Shelf Kits for 45" and 72" Work Tables PN 60080, 60081, 60096, 60097

Additional Upper Shelf Kits installed to 45" and 72" work tables.

Upper Shelf Kits for 45” and 72” Work Tables PN 60080, 60081, 60096, 60097

Product Specifications:

- Attaches to the vertical shelf standards of any *Shelving System*. Includes one shelf assembly with a stainless or galvanized steel top, two galvanized shelf brackets and a hardware kit.
- Our *Shelving Systems* are constructed entirely of stainless and galvanized steel to resist corrosion and harsh environments.
- All shelves are designed to be extra sturdy with two, wide galvanized steel support beams built into every shelf.
- Each shelf is supported by two adjustable *Shelf Brackets* that are constructed of heavy duty, 12 Gauge galvanized steel.
- The *Shelf Standards* are designed to offer the maximum in flexibility. Instead of having a limited number of predetermined shelf locations as with regular shelves, these shelves are made of thick, galvanized steel channels that allow the *Shelf Brackets* to be attached anywhere along their entire length.
- Adjusting the height of the shelves is easy, loosen the four mounting bolts, then slide the shelf with the *Shelf Brackets* up or down to the new desired position, then retighten the mounting bolts.
- To order this assembly use one of the following part numbers:
 - 60080 – Stainless Steel *Additional Upper Shelf Kit* 45”W X 14”D
 - 60081 – Stainless Steel *Additional Upper Shelf Kit* 72”W X 14”D
 - 60096 – Galvanized Steel *Additional Upper Shelf Kit* 45”W X 14”D
 - 60097 – Galvanized Steel *Additional Upper Shelf Kit* 72”W X 14”D

Engineering Drawing Reference Notes

To view and manipulate 3D models of any assembly; visit www.edrawingsviewer.com and download the free eDrawings viewer software, then open the eDrawing format files (.EASM) found in our *Engineering Drawings* folders.

For more product dimensional specifications; download the *Engineering Drawings* folder for files in DWG, PDF and EASM formats on our website from the tool bar on the individual product pages or from our *Product Resources* page.

User Manual Reference

Refer to manual 10010704-UM for assembly and installation instructions

User Manuals are available for download in PDF format on our website from the tool bar on the individual product pages or from our *Product Resources* page.
