Additional Lower Galvanized Shelf Kit for 45 W or 72 W Work Tables PN 60039 or 60058

45" and 72" Lower Galvanized Shelf kits shown installed to work tables.

Additional Lower Galvanized Shelf Kit for 45 W or 72 W Work Tables PN 60039 or 60058

Product Specifications:

- Attaches between the side supports below any *Enclosure* or *Work Table* to add a shelf or to increase the depth of an existing 14" half depth shelf to create a full depth 28" shelf.
- Includes one shelf assembly with a galvanized steel top and a hardware kit.
- Attaches between the two side supports and has three adjustable height positions. The top and bottom shelf positions create 18" tall spaces either above or below the shelf. The center shelf position creates two 14" tall spaces, one above and one below the shelf.
- Our *Shelving Systems* are constructed entirely of stainless and galvanized steel to resist corrosion and harsh environments.
- All Shelves are designed to be extra sturdy with two, wide galvanized steel support beams built into every shelf.

Engineering Drawing Reference Notes

To view and manipulate 3D models of any assembly; visit www.edrawingsviewer.com and download the free eDrawings viewer software, then open the eDrawing format files (.EASM) found in our Engineering Drawings folders.

For more product dimensional specifications; download the *Engineering Drawings* folder for files in DWG, PDF and EASM formats on our website from the tool bar on the individual product pages or from our *Product Resources* page.

User Manual Reference

Refer to manual 10010703-UM for assembly and installation instructions

User manuals are available for download in PDF format on our website from the tool bar on the individual product pages or from our *Product Resources* page.

To order this product use part # 60039 for 45" *Lower Shelf Kit* and use part# 60058 for 72" *Lower Shelf Kit*.
