PRACTICAL QUALITY SYSTEMS
Fast Custom Manufacturing - Nationwide Installation Services

Screen, controller and bump bar are not included.

Included components and hardware

- (1) PN 80053
- (1) PN 80600-BLK
- (1) PN 80500
- (4) #10-32 X 3/8" long Phillips head screws (Bump Bar)
- (4) #10-32 serrated flange hex nuts (Bump Bar)
- (4) #8-32 serrated flange hex nuts (Enclosure to Head)
- (4) M4 X 10MM long Philips head screws (Enclosure through Mount into Display Screen)

General Features

- Visit kitchendisplayssystems.com for a free, easy to understand tutorial that covers all aspects of Kitchen Display Systems knowledge!
- This mounting package includes the following individual product components which are also available separately: PN 80053, PN 80600-BLK, and PN 80500.
- For more information on the individual components included in this package please refer to the assembly sketches in this document and the downloadable product information sheets available on our website for each of the product pages for each part number.
- This mounting package supports any VESA compatible monitor, any display controller or thin client, and most bump bars.
- The screen mounting assembly supports up to 25 pounds of equipment and attaches directly to a wall or other flat vertical surface.
- Includes a set of adjustable arms which can be assembled in many different ways to support different types of bump bars below the front of the screen.
- The screen mount included in this package allows for basic adjustments of the screen position. A similar package is available with a fully articulated mount that allows for a much greater range of screen position adjustability.
- These mounting packages are designed to offer a simplified selection of the components needed to support your Kitchen Display System equipment.
- These component packages are only a small sample of the many options that are available. Contact our sales team if you would like us to assemble a custom mounting package for you.
- Purchasing these components as a package automatically qualifies for a discounted price over purchasing the same items separately. This discounted package price cannot be combined with any other discount programs.

Standard VESA 75-100mm Pan and Tilt Head on an Adjustable Arm

- A universal mount that works with any 75mm or 100mm VESA compatible screen.
- Tightening the (2) four-point knobs applies variable clutching resistance to allow adjustment of the up and down tilt position of the screen. Tighten either of the two #10-32 Phillips head screws adjacent to the four-point knobs to permanently secure the tilt position.
- Tightening the five-point knob below the end of the Arm applies variable clutching resistance to allow adjustment of the side-to-side pan position of the screen.
- Tighten the #10-32 Phillips head screw on the lower Panning plate into one of the holes in the end of the arm to permanently secure the pan position.
- Includes (4) M4 Phillips head screws to attach the VESA mounting plate to the back of the screen.

Single Position 25lb Wall Mounting Plate with Integral Standoff bracket and Arm

- The Single Position 25lb Wall Mounting Plate with Integral Standoff bracket supports one arm. It allows side to side adjustment of the arm. It attaches to any flat, smooth vertical surface.
- Attach the mounting plate to a wall or other flat, smooth vertical surface with appropriate fasteners.
- Tightening the five-point knob on the top of the Standoff Bracket applies variable clutching resistance allowing adjustment of the side-to-side pan position of the Arm.
- To permanently lock the side-to-side pan position of the Arm slightly loosen the #10-32 Phillips head screw on the top of the Standoff bracket, move the arm to the new desired permanent position, tighten the screw into one of the holes in the end of the arm to secure the new position.
- Note that the mounting plate includes slots along the side so that it can be attached to poles up to 36" in diameter with our optional strapping kit PN 80801 or any other compatible hose clamps.
- The mounting plate includes multiple slots for cable tie points.

RECOMMENDED INSTALLATION SHOWN WITH A GENERIC CONTROLLER

A partial list of compatible equipment

- Bematech Logic Controls LS8000-KP Kitchen Display System Controller, Logic Controls LS8900 KDS/Industrial Computer, Logic Controls LC8100 KDS/Industrial Computer, Logic Controls LS6100 Kitchen Controller , LC8810 KDS/Industrial Computer.
