PRACTICAL QUALITY SYSTEMS
Fast Custom Manufacturing - Nationwide Installation Services

80805 shown with a WS6 display screen, a bias pan and tilt head and an adjustable arm. These items are not included

ALL PRODUCTS PATENT PENDING

All WS6 mounting systems require an external Power Supply Oracle Part Number 400351-038-PT

The WS6 mounting plate functions exactly like the quick disconnect attachment on the WS6 base unit.

Attach the power supply to the top and secure it with the two velcro strips.

Slide the WS6 screen onto the tabs and tighten the red screw to secure the screen in place.

Power Supply Connector

Align the 4 tabs on the mounting plate with the slots on the back of the WS6
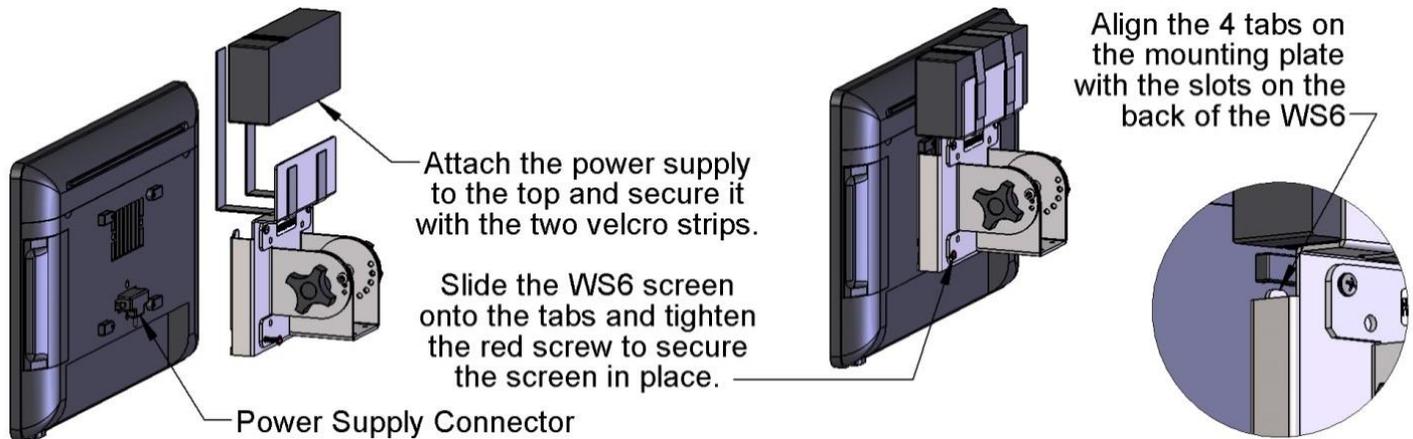

Many more WS6 mounting systems are available on our website or call us for application info.

Product samples are available; contact our sales team with your requests.

We believe in ethical SEO relevancy; the following section was included to assist the all-knowing algorithms in locating this page; however, some humans like it too.
