Partner Tech EM-200 Two Screen Enclosed Countertop Mount PN 80921

Partner Tech EM-200 Two Screen Enclosed Countertop Mount PN 80921

PRODUCT SPECIFICATIONS

General Features

- This Countertop or Shelf Edge mount can be used as a universal support system for two Partner Tech EM-200 tablet terminals for Point of Sale / POS, Kitchen Display Systems / KDS in commercial kitchens, retail, restaurants, offices, industry, shops, medical, maritime, schools, laboratory and many other applications.
- This hardware and bracket assembly supports up to 20 lbs.
- Supports two Partner Tech EM-200 touch terminals mounted inside of the enclosure to provide complete protection against falling liquids and dust.
- Meets NEMA Type 2 rating- Enclosures constructed for indoor use to provide a degree of protection to personnel against access to hazardous parts. Also provides a degree of protection of the equipment inside the enclosure against ingress of solid foreign objects (falling dirt) and protection from harmful effects on the equipment due to the ingress of water (dripping and light splashing).
- Included spiral wrap sleeve protects data and power cables.
- Each assembly includes one USB speaker bar that connects to the bartender-side screen to increase the sound level of the "order up" audio prompts. A second speaker bar can be added if desired for the other screen.
- External power button lever easily actuates the power on/off button on the side of the computer.

Partner Tech EM-200 Two Screen Enclosed Countertop Mount PN 80921

Base Plate Features

- Storage area in base also conceals and protects power supplies, connectors, power strip, USB speaker bar and data cabling.
- Four 5/8" tall rubber feet raise the entire enclosure above the counter top to help protect it from liquids and make it easy to rotate.
- Large opening in base allows for easier repositioning of mount over counter top penetration hole.

Monitor Plate Features

- Thumbscrews secure terminals to *mounting plates* while wing nuts secure mounting plates to the *front cover plates* for easy installation and removal that requires no tools.
- The interior includes multiple tie points to secure power supply and data cabling.

Cover Plate Features

- A close fitting gasket surrounds the entire edge of the touch screens to seal them against liquid entry.
- Downward facing Louvers located near the top on both sides of the enclosure allow passive ventilation.
- Thumbscrews secure the *front cover plates* and *top cover plate* in the closed position but are removable for easy access to internal storage area.
