## PRACTICAL QUALITY SYSTEMS

*Fast Custom Manufacturing - Nationwide Installation Services*

35LB Over/Under Counter/Shelf Mount PN 80971 with a 100mm VESA Pan and Tilt head. Shown with 15" monitor in over and in under mount configurations. Also available with 200x200mm and 200x100mm VESA pan and tilt heads.

NOTE: 35LB Pendant/Pedestal Mount w/100mm VESA Pan and Tilt Head shown in pendant and pedestal mount configurations. All assemblies with NON VESA compatible pan and tilt heads will appear differently. Also available with 200x200mm AND 200x100mm VESA pan and tilt heads.

## PRODUCT SPECIFICATIONS

### General Features

- This unconventional yet innovative design solves several mounting problems with a single system. This mounting system allows screens or enclosures to be positioned at multiple locations over or under any standard stainless steel shelf or counter top found in commercial kitchens.
- The assembly supports screens up to 35lbs.
- This mounting system is made entirely of heavy gauge steel and is finished in a bright, metallic, baked on finish that emulates the look of stainless steel.
- The length of the assembly can be adjusted in 1" increments and locked in place by simply reinserting the quick release pins.

### Mounting Plate Features

- The Mounting Plate attaches to any flat surface.
- Has plenty of attachment points along the top and front surface.

### Arm Features

- Three telescopic arm assemblies work together to allow the position of the pan and tilt head to be placed at numerous different locations after the mounting plate has been installed.
- Features six-way adjustability that can be securely locked into any position without tools.
- The telescopic arms feature multiple positioning holes at 0.5" increments that allow the overall length of the arms to be adjusted. This feature allows the screen or enclosure to be pulled out from or pushed back to the edge of the shelf or counter top or raised and lowered as desired for easy repositioning after the mounting system has been installed.
- Includes two stabilizing arms add structural bracing and can be adjusted after the mounting is installed.

### Pan and Tilt Head Features

- Pan and tilt head supports any 100mm VESA compatible screen. For mounting NON VESA compatible screens please refer to the *Custom Fit Pan and Tilt Heads* page on our website found in the *Other Products* section for the most current list of options. If we don't have a compatible pan and tilt head send us a sample of your screen and we'll create a *Custom Fit* solution for you.
- Pan and tilt head adjusts without tools to lock the screen at any position, side to side, or up and down.
- Pan and tilt head also features biased tilt adjustment of 15° towards each direction and locks into position without tools.
- The length of the assembly can be adjusted in 1" increments and locked in place by simply reinserting the quick release pins.

## PRODUCT ASSEMBLIES

- To order this assembly use part number 80970.
- For NON VESA compatible pan and tilt heads use 80970 and add the part number suffix found on the *Custom Fit Pan and Tilt Heads* page on our website. The page can be found listed under the “Other Products” section.
- If the website doesn’t show a suffix that represents your compatible pan and tilt head then send us a sample of your screen and we’ll create a *Custom Fit* solution for you.
