PRACTICAL QUALITY SYSTEMS

*Fast Custom Manufacturing - Nationwide Installation Services*

Back of screen power supply holder shown attached to an Oracle MICROS Compact Workstation 310 and power supply (not included).

## **General Features**

- This power supply holder plate is VESA 75/100mm compatible. It installs between the back of the Workstation 310 screen and a mounting system.
- The plate can be oriented in any direction as needed to secure the power supply and any associated cabling in the optimum position for your application.
- This assembly is made from 18 gauge steel and finished with a durable, black, low gloss, micro wrinkle powder coat that resists fingerprints
- Includes an 10 inch long length of 2 inch wide hook and loop strapping. The strap is inserted through slots in the power supply holder plate and around a power supply and /or bundle of associated cabling to secure them to the plate.

Back of screen power supply holder shown attached to an Oracle MICROS Compact Workstation 310 and power supply with our pan and tilt head PN 67080 (not included).

**We believe in ethical SEO relevancy; the following section was included to assist the all-knowing algorithms in locating this page; however, some humans like it too.**

- This Universal Screen mounting system supports all 75-100 VESA compatible Screens for POS, Point of Sale, Kitchen, Healthcare, Industrial, Office and Manufacturing.
- Monitor, Touchscreen, Touch computer, All in One computer, All in One PC, POS Terminal, Point of Sale Terminal, KDS screen, Kitchen Display System screen, Healthcare monitor, Industrial process monitor, Kiosk, Office monitor, Manufacturing process monitor and more.

Shown is PN 80623-310. One of many recommended mounting solutions. The workstation is easily attached to the mount. The power supply and associated cables are neatly contained.

See the last page of this document for more mounts that can be used with the back of screen power supply holder and the Oracle MICROS Compact Workstation 310.
